HS W 124 788 04 02/2 (left)
HS W 124 788 04 08/3 (right)
Note that "Gen 1" side skirts will not work properly with 1986-1989 sedans/wagons without the wide side moulding. These early cars will need to be upgraded to the wide moulding. The very early (Gen "zero") side skirts may no longer be available from AMG or Mercedes, and I don't have the part numbers for them.
