Georgious and very unique 500E. This was the Mercedes Benz 500E show car back in 1992. (It was used in there auto shows, brochures and various other events) It was then sold to the president of the Mercedes Benz Club of America at that time. Him and his wife owned it ever since. in 2005, the star magazine (Mercedes Benz Club of America's magazine) did a large story about the 500E and its contribution and it's place in automotive history and used this vehicle for all their pictures. (These are the pictures you see) Due to their older age the owners sadly departed from this vehicle after 15 years of loving and caring for this car. I was the lucky buyer. I am a Mercedes Benz Collector. I put less than 500 miles on the car since I purchased it in August 2007. It is immaculate in and out. Everything runs and works great! No problems. This car came with all kinds of extra parts, brochures, news paper stories, pictures, extra new hood emblem (Not sure why) etc, etc. Car is stored in a closed garage + a car cover. Buyer will get the care cover (Mercedes cover), trickle charger, set of 4 practically new 8-hole original rims, and various other items. The car is located in Southern Californi (Agoura Hills).
