An affidavit of repair from the rebuilder or individual making the repairs, stating what repairs were made to the vehicle and that the vehicle is now rebuilt and road operable, may be required to obtain a rebuilt/rebuildable title. These vehicles must also pass a state safety inspection before being allowed back on the road.
Salvage	Title and ProblemCheck	A salvage vehicle is a vehicle that has been wrecked or damaged beyond repair; declared a total loss by the insurer; or declared a total loss by reason of theft. When an insurance company as a result of a total loss settlement acquires a vehicle, the insurance company must apply for a Salvage Certificate. If the owner retains possession of a salvage vehicle, the owner must obtain a Salvage Certificate before receiving a total loss statement from the insurance company.

Accident or Vehicle Damage	Vehicle Use and EventCheck	Reported accidents or damage events are a result of vehicle collisions or other non-collision incidents such as vandalism or theft. Not all accidents or damage events are reported to AutoCheck. Certain accident or damage events are reported by the source to have resulted in minor, moderate or severe damage to the vehicle, or the events are calculated by AutoCheck to have resulted in minor, moderate or severe damage based on the information reported. It is recommended to have pre-owned vehicles inspected by a third party prior to purchase.
