Extremely clean 2009 E63 in Sienna Black. Runs great, everything works, just had service A a few months ago. Has premium 2, Performance Package, Parktronic, Panorama roof, rear sun shades, and electronic trunk closer. See photos for build sheet. Meticulously maintained by myself and previous owner. M156 Head bolts have been changed to new version. Family is getting larger so an SUV is going to replace the car.

Some things that make the car unique is the Performance Package contains the steering wheel from the CLK 63 Black Series. That and the locking differential and special multi-piece 18" wheels. Not to mention a delimitation of the top speed limiter to 186mph. The interior is aging well with no tears and only some minor creasing on the drivers seat and door arm rest. The rest of the interior is mint. The exterior is in great shape, with minor light scratches and chips from being a daily driver for 9 years. The car is being sold AS IS with no warranty. Maintenance is up to date and not due until 02/2019.
