

Congratulations to David Meimann in winning his second Sport Compact track championship. Just home from his runner-up finish in Mission at the Summit E.T. Finals in the Sport Compact class, Meimann stopped his nearest challenger Chris Townsend in the final round. In a very close point's chase, Meimann beat Townsend, who had to win the event to force a tie-breaker runoff. We tip our hats to both David and his wife Stephanie who drive a pair of near matching Mercedes high-performance (and quite rare) E500 sedans. Now we'll see if they can put together the combination to strike gold at this year's season closing Halloween Classic in October.
