"AMECA"; "Notice of Equipment Compliance" (for all vehicle components); "AMECA Edge Code" and "Edge Code" (for automotive brake friction material); and the AMECA Logo are trademarks registered with the US Patent & Trademark Office and with the US Department of Homeland Security - Customs and Border Patrol. These trademarks are solely owned by Automotive Manufacturers Equipment Compliance Agency (AMECA), Inc. and December not be used without the express written permission of AMECA.

## BULLETIN 16feb10

Notes on the updated and revised AMECA brake friction material Edge Code™ listings.

A number of States and Provinces are developing environmental testing criteria for brake friction material and AMECA has revised the Edge Code™ matrix to accommodate manufacturers' future compliance to these new regulations.

Asbestos\* - the suggested test for the presence of asbestos is National Institute for Standards & Testing (NIST) polarized light microscopy (PLM 150-3) test \*\*. The suggested Edge Code™ marking for successfully-compliant brake friction material is the addition of a check mark (✓) immediately after the AMECA-assigned Edge Code™ for that product.

[NVLAP Accredited Laboratories for the Polarized Light Microscopy \(PLM\) Test Method.](#)

\*<http://www.epa.gov/asbestos/pubs/help.html>

\*\*[NIST Handbook 150-3:2006 NVLAP Bulk Asbestos Analysis](#)

---

“Other” substances - certain States have legislation under development which aim to regulate the amounts (by weight percentage - Wt.%) of specific substances used in the manufacture of automotive brake friction material. The redesigned AMECA List of Compliant Devices includes a number of additional Edge Code™ place-holders. As of this publication no NIST-recognized ANSI-type testing regime has been identified.

This page will continue to be revised as the regulatory language is developed and administrative clarity devolves.

## FOREWORD

This publication is a compilation of regulated motor vehicle safety equipment items which have been tested to recognized standards by accredited testing laboratories and found to be in compliance with jurisdictional requirements as overseen by the Automotive Manufacturers Equipment Compliance Agency, Inc (AMECA).

The AMECA *Compliance List* is published in monthly and contains all valid AMECA Notice's of Equipment Compliance™ issued during the previous three years plus any new compliance documents added in the previous month. The monthly *Compliance List* is uploaded to the website [www.ameca.org](http://www.ameca.org) under the page titled: *Handbook of Compliant Automotive Safety Devices*. This web-based accessibility allows jurisdictions all-hours field access to information relevant to accident investigations, anti-counterfeit actions, and compliant product purchasing.

If you would like to receive notification of the updated AMECA *Compliance List* please send an email to: [Subscriptions@ameca.org](mailto:Subscriptions@ameca.org) with the sections you wish to receive in the body of the email.

Every effort is made to accurately report all new, renewed and revised items from every AMECA compliant participating manufacturers. Your suggestions are always welcome and AMECA is proud to serve law enforcement at every level. AMECA exists to serve you.

Information relative to the preparation of submissions for Notices of Equipment Compliance™ can be found in the *Manufacturers Guide for Safety Equipment Compliance Services*. This guide also contains general AMECA program information. A complete listing of safety-related items covered by AMECA is also available at [www.ameca.org](http://www.ameca.org).

Grateful acknowledgment is made to those who have cooperated in making this listing possible.

"AMECA"; "Notice of Equipment Compliance" (for all vehicle components); "AMECA Edge Code" and "Edge Code" (for automotive brake friction material); and the AMECA Logo are trademarks registered with the US Patent & Trademark Office and with the US Department of Homeland Security - Customs and Border Patrol. These trademarks are solely owned by Automotive Manufacturers Equipment Compliance Agency (AMECA), Inc. and December not be used without the express written permission of AMECA.
