Tire Chain Fit Guide

You look forward to winter. It's the time of year you can get out and enjoy the snow. And Thule snow chains are made to get you there safely. The intuitive tire chain design works hard to provide traction even in the toughest conditions – so you don't have to. And the ease of installation will get you there faster. So you can embrace the season.

To use the fit guide [below](#) here are some things you'll need to know:

- What size are your vehicle's tires? (The three measurements engraved on the tire)
- What does your vehicle's "Usage and Maintenance Manual" say about fitting snow chains?

Have 18", 19" or 20" Rims with little or ZERO clearance? Check out the Thule K-Summit Series Chains

Explore the options and descriptions and then use the Fit Guide below to find your perfect solution. Know what you want? [Jump right into the Fit Guide](#) or call us anytime toll free (800) 722-5872 to find the right fit.

K-Summit: For all cars & low profile tire/rim combinations

The Thule K-Summit's are Thule's ULTIMATE tire chain. The K-Summits **will fit 18", 19" & 20" Rims**. They are the most user friendly advanced chains on the market today. They are **very low profile and require almost no internal wheel clearance**. They feature steel tensioning springs, traction plates, and an innovative ratchet system for ease of installation. They also fold easily for storage. Price: about \$474 per set.

Thule Tire Chains - Entry Level (CB-12 Series)

Thule's CB-12 snow chain series are your entry level chains with 12mm inside and on-the-tread clearance. Easy to use with color-coded assembly points and features a **manual tensioning system**. At a great value, these chains are ABS/ESP compatible. Price: about \$79-\$99 per set.

Thule Tire Chains - Premium Level (CS-10 Series)

Thule's CS-10 snow chain series feature 10mm inside and on-the-tread clearance. The **auto-tensioning system** also features a micro-regulation system for perfect tensioning on the chain. They feature an external release lever to minimize dirt and time, as well as icebreaker reinforcements for better traction. The CS-10 chains are also ABS/ESP compatible. Price: about \$199 - \$229 per set.

Thule Tire Chains for Trucks & SUV's (XB-16 Series)

Thule's XB-16 snow chain series are for the lighter duty **trucks and SUV's**, offering 16mm of inside and on-the-tread clearance. Easy to use with color coded assembly points, and features a manual tensioning system. At a great value, these chains are also ABS/ESP compatible. [Jump to Truck and SUV Fit Guide](#). Price: about \$179 - \$199 per set.

Product Link Info

K-Summits

- The best traction and easiest/fastest installation around
- Only option for low profile 18", 19" & 20" Rims

Entry

- For light use. They'll give you traction but have no bells and whistles unlike the Premium and K-Summits

Premium

- Better traction and quick installation
- Good all around chain for common size car tires with average clearance
