**Item specifics**

Condition:

Used

Brand:

Brembo

Renntech by Brembo Big Brake Kit for W210 Mercedes-Benz | 4 Pot / 355mm Rotors. Condition is "Used" and sold as is.

‘Renntech by Brembo’ Brembo GT Big Brake Kit for W210 chassis Mercedes-Benz

14” 355mm floating rotors

4 pot calipers

Goodridge stainless steel brake lines included

The complete setup was taken off a working daily driven car, but I would recommend new pads and outer rotors. The rotors are worn and have some heat fractures, but a warped and felt good under hard braking. Parts are still available via Brembo or some aftermarket suppliers. Pads do still have some life left as is. The calipers are in great shape with no leaking or issues. Caliper mounts in perfect shape.

This setup bolts directly onto W210 chassis with no modifications necessary.

These brakes work amazing, I doubt you could find a better alternative out there. Not to mention the collector value in them being rare and period correct from Renntech
